

Kairos Learning Team Building & Development Services | Retreats

Kairos Learning team building & development services include retreat design, facilitation, and follow up services. The focus of the team building experience is determined in collaboration with the client. We can also recommend retreat facilities. We have developed programs focusing on:

- Team Dynamics:
 - Effectively integrating new team members and new managers into teams
 - Collaboration & accountability
 - Clarification of team members' roles & responsibilities
 - Project planning
 - Stress management
- Strategic Planning & Visioning
 - Creating or revising mission, vision, and values statements
 - Strategic planning, action planning, and outcome-based implementation
 - SWOT analysis
- Myers-Briggs Type Indicator® (MBTI) assessment tool with a focus on:
 - Communications, team dynamics, stress, change management, project management, and conflict resolution, and career development
- Change Management
 - Strategizing and planning
 - Communications
- Experiential
 - Low ropes experiential activities
 - Cooking classes or competitions in partnership with the Professional Culinary Institute of California

Who We Work With

- Teams (cross functional, virtual, executive)
- Department or division staff, faculty, and/or volunteers
- Professional association members

Hallmarks of Kairos Learning Retreats

- Customized
- Interactive
- Fun while a learning experience applicable to their workplace
- Designed to increase effectiveness and productivity back at the office
